

# GONDOLA END DISPLAYS

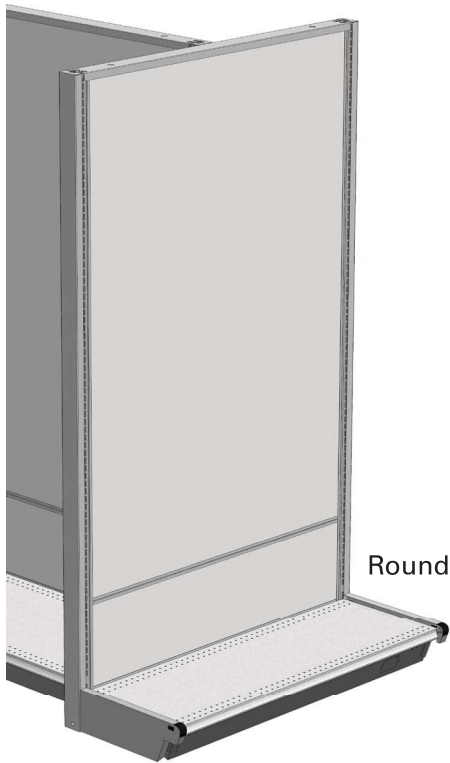

## END DISPLAYS

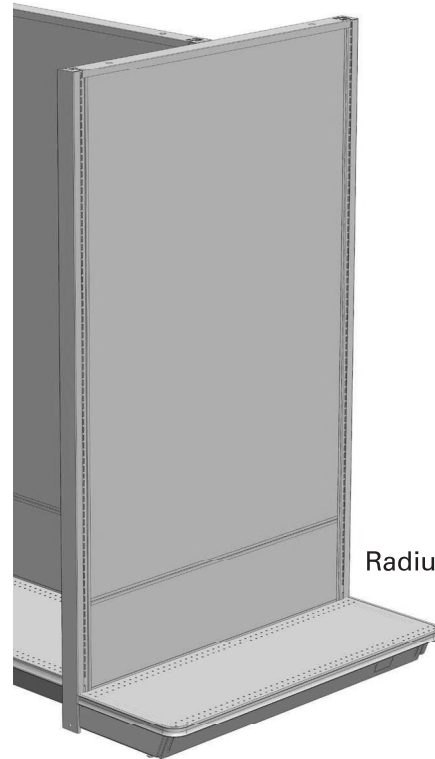

Storflex End Displays consist of our standard Wall Section, a rear finish back panel and rear close off kickplate to provide a complete free standing end display. End Displays can be ordered fully assembled. Available with any Storflex base style upgrade shown in this catalog section.

# ROUND FRONT / RADIUS BASE END DISPLAYS

Round Front Base Shelf

Radius Base Shelf

## End Cap Stationary "T" Assembly

End Cap T Assembly is essential to properly stabilize and support all end displays that are 66" h and more. This heavy duty "T" Assembly is essential to provide load ratings.

Width	Item #
36"	TFTS36S
48"	TFTS48S
60"	TFTS60S
72"	TFTS72S

## End Cap Display "T"

End Cap T offers stability for all end caps 60" H and less, by attaching the end display to the gondola. Essential for performance - order (1) for each end display.

Item #	EDT

\*End Display shelves and accessories can be found in the section Upper Shelf / Merchandising Aids
